PREVIOUS REFERENCES LATER REFERENCES

Calcutta
15th January 98

My dear Sir,

In continuation of my official letter No 3 Dy 12/1/98 I beg to inform you that on the 13th instant I visited the Municipal Chairman and he referred my application for the remaining land to the health Officer for disposal. This officer promised to collect all information about the land and arrange for its inspection. Yesterday afternoon the Municipal Commissioner of Bhalighat Division Babu Jogindra Chandra Ghose having called on the agent of the Vijayanagram Maharaja while I was with him the subject matter of the ground was mooted and he was good enough to drive down with me to health officer's office and arrange for the inspection of the land this morning by health officer and himself Accordingly the inspection has been

Mad. It appears the Municipality wants to build an office on the same bit of land for the accomo-dation of the Registrar of deaths and the Guard of the adjoining public burning Ground. These Officers with the Municipal Com-missioners asked me that in the case of the whole land is granted to the Mysore Government whether they would build or give two Rooms in the buildings which they propose to raise for the memorial I replied that if they let me know what land is available for grant then I shall submit the question to Government with plan etc. and obtain advice from my Government They have promised to collect all previous information about the land on Monday and discuss the subject. Calcutta is mad to

same as it was found by me
two years ago. Land has become
very valuable. We should have
required it long ago. The plan
& estimate shall be prepared by Messrs Rathna
ath Viswas and Rakhal Chandra
Bose agents of the Vijayanagaram
Maharaja but urgently required
I think they must either be in your
Dewan's office. I beg you will
kindly order its being found out
and sent here. I shall again write
upon on Tuesday.

I beg to remain
My dear Sir
Yours very obediently
Krishnamachariar

To

The Muzrai Secretary
To The Government of
Mysore
Bangalore

Sir,

I have the honour to inform you that after leaving Bangalore on the 31st night I travelled through Guntakal Bezwada, Rajamundry, Vijayanagaram Kuttack and Chandbally and arrived here yesterday. Owing to plague examination I had to give up the same trains in which I travelled but I had to take up the next trains. This detained me on road for 2 or 3 days. This morning I visited the cremation ground and regret to inform you that it appears a year ago the Maha-Raja of Agartulla died at Calcutta and he was cremated just close to the ground which was used for our late Highness. They are building a tomb now which is approaching completion. In 95 when I had written a letter from Calcutta communicating what the Foreign Secretary had said, the same thing has now been realised. The ground should have been immediately acquired at once. It is very difficult to secure an inch of ground in Calcutta.

Referred for report
to Muzrai Dewan.
We may await further report promised

A.J.

Yes await further report, but in the meantime write to Mr. Shamsher when Muzrai Secretary has received report he will send a sketch of the ground showing where the late Maha-Raja was cremated where Agartulla Maharajah was cremated and the

19/1/98

While inspecting the locality I accidently met the Municipal Overseer of the Khaliphat division and he has promised to give all the particulars of the remaining ground on Friday evening. To-day being a holiday I was not able to visit the Municipal Chairman's Office. The agent of the Vijayanagaram Maharaja Mr. Rakal Babu will visit the owners of private lands and will negotiate for their purchase. I shall soon submit a further report on the Subject

I have the honour to be

My dear Sir,

I hope you have received my D.O. of the 15th instant. As mentioned in it the previous reference about the grant of land have been shifted out in the municipal office after a long search. It had to pass through several departments before it reached the Health-Officer. On referring to it the bit of land on which the cremation of Mymensingh zemindar has taken place is not yet granted but it is under discussion. The widow of the Zemindar has also applied for some portion of the municipal ground.

The Health-officer and the municipal Commissioner having advised me to submit my proposal at once I have with the approval of the

Foreign Secretary sent an applica
the draft of which was approved a
Corrected by him I herewith enclosed fo
your perusal and for Submission t
the Dewan after his return on the 27th

If we don't undertake to provi
buildings to the municipal offic
there will be no land available fo
our purpose. The price of ground
according to rate at which it
was granted to the Agarthla or
Tippera Maha Raja Comes to nearl
3000 Rs and the cost of the buildin
will come to 2000 Rs or little over.
The health-officer and the munic
Commissioner agreed to my propos
It remains to be seen how the matte
will be disposed of in the municipa
meeting.

The municipal Corporation
here is an elaborate thing. I don't
know how long the matter will
take. I shall move the Foreig

to write to the Chairman
of our application as soon
and also propose voting
following leading municipal
this evening.

Hon: Surendra Nath Sen.
Edita Indian Mirror

Hon: Surendra Nath Banerjee

Babu Kalinath Mitra.

It appears that if these members vote all others follow. You will
from the draft the position
of the ground with its present
distributions.

The Municipality propose
building rooms for municipal
on the available vacant
as shewn in a Separate
plan.

As Soon as the Health-
Supplies me with Copies of regula
I will Submit them for the
Dewan's inspection. After hearing
the health-officer and the Commissio

Regd. No. 4
21/1/98

To

The Health Officer
Calcutta Municipal
Corporation
Calcutta

Sir,

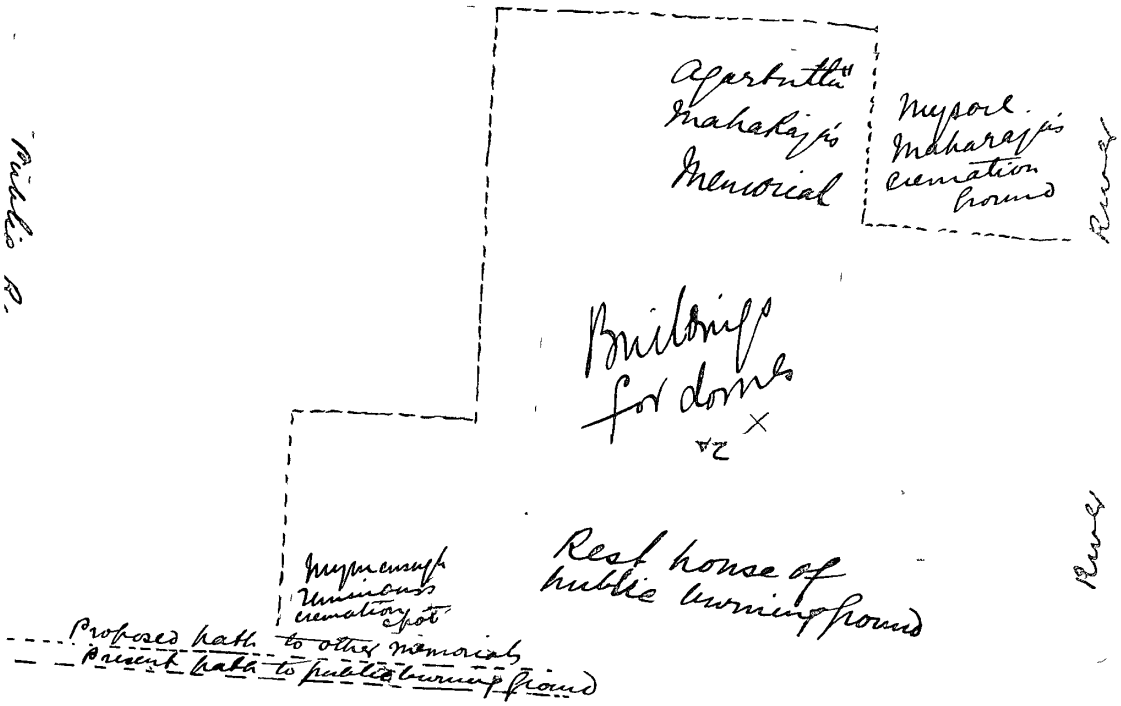
With reference to the establishment of a memorial in honour of the late Maharaja Krishnaraja Wodeyar Bahadur of Mysore at Kalighat in Calcutta I have the honour to submit this application on behalf of the Mysore Government for the acquisition of a piece of Municipal land at the place As you have ~~inspected~~ inspected the land in person I believe you have ~~got the~~ full knowledge of the situations. It was the original intention of the Mysore Government to acquire all available municipal lands around the cremation ground and build a monument and Dharmasala with large

in front but this object was frustrated owing to the fact of the Lingayat State and a Zemindar of Mysuru which having acquired bits of land near the Cremation Spot. It appears that it is the contemplation of to Construct some buildings on the same piece of land for the accomodation of the Registrar of deaths, officers who keep watch over cremation ground and of domes employed in the public burning ground.

I now beg to move the Municipality to grant to the Mysore Government, all available land free of charge and the said Government with undertaking to provide the officials of the public burial ground with accomodation in the buildings which they will raise for the memorial.

In order to prevent future disputes regarding the roadway to the monuments of Sartulla Mohammad Raja, Zemindar of

to be erected for the / Mysore and the buildings & domes a path way may be allotted on the northern end of the ground as shown below, separating the Mysore Memorial land from others by means of iron railings



X As the Mysore Government is building a Choultry and that for public good the Municipal Corporation may be pleased to shew them full Concession

6. I request that you will be good enough to favour the undersigned

with Copies of plans of
the ground and the
proposed buildings for
the accomodation of
Municipal officials

I have &c.

Explanatory Memo

No. 1 is a public Cremation Ground and Nos. 3 and 4 are buildings attached thereto.

No. 5 is a proposed building to be constructed by the Mysore Government if the Calcutta Municipal Corporation gran the grounds Nos. 8, 9 and 35 free.

No. 34 is the private land Containing Nos. 24 and 25 thatched buildings which will have to be purchased hereafte On this piece of ground a certai man has established a firewoo depot renting the same from th owner.

No. 8 is the piece of ground On which His Highness Our late Maharaja has been Cremated.

The plot of ground No. 9 up to river bank will have to be added to the Cremation Ground to make a proper platform for the Brindavana which is to be erected on the Spot No. 8.

On No. 9 a dome will have to be built on Southern India fashion.

No. 37 is the place where people of Malighat go for bath where the want of a Ghat is very much felt and the Construction of the same will be very much appreciated.

No. 6 is the piece of ground

ground on which a bamboo fencing is now erected by the widow of Muthenaiyan Zamindar but the land is not yet granted and is under discussion. She seems to have applied for all land up to public road to the breadth of her husband's cremation ground measuring about 33ft in breadth. The Municipality seems to have not complied with her request as it wanted to raise buildings shewn in plan No 2. The Municipal Corporation want to build the buildings for its officials on No 35 but I have proposed that building will be raised close to the road in this and allotted to them if the Municipal Corporation grant the lands free.

After the grant of No 35 is settled negotiation for the private land No 34 will be made.

Nos 2, 10, 11, 12, 13, 14, 16, 17, 18, 19, 20, 21 and 22 are private buildings. They have nothing to do with our project.

No 40 that belongs to public cremation ground.

The breadth of the Municipal ground towards the road is 60 ft including the proposed footpath and the private land 40 ft making a total of 100 ft which I think will be sufficient for Dharmasala and garden in front. If purchase of additional private lands

Are to be made there are two large pits Nos. 26 and 27 requiring large outlay to fill them. Therefore it would be better for us to confine ourselves to the edge of the pit.

No. 36 is the proposed foot-path to go to Mymensingh Cremation Ground, building of domes (people who supply firewood etc for cremation) etc as mentioned in my application to the Municipal Corporation

Yours obediently

Camp Calcutta

Camp Calcutta
30th January 98

My dear Sir,

As directed in the Muzrai Secretary telegram I have arranged to stop till the genera meeting in which my application is kept for disposa many influential Commissioners have promise to vote for us. Some who are relatives of Zemindars seem to favour that party. The Health Officer has supported my application a sent it to the Chairman. The Foreign Secretary has promised to speak to Chairman about th early disposal of the application. Hon: Ananda Charlu who is here for the sessions has also promised to speak to leading Commissioners As soon as the meeting is over I shall and arrive at Bangalore.

In a separate packet I have the ground plan of municipal and private land which we have to acquire, with an memo. I have also sent another plan the proposed construction of the buildings for the

municipal officials on the piece of ground
we have applied for

As we propose building a Ghat
and a Dharmasala for public good the
leading Commissioners say that they will
give preference to us than to the widow of
the Mysoreans Zemindar.

I beg to remain
My dear Sir.
Yours very obediently.

Camp Calcutta
7th February 98

My dear Sir,

My telegram may have announced the approval of General Committee to grant Municipal land to us according to our application. Much opposition has been brought by the Commissioners who were in favour of Maymensingh Zemindar's widow. Although these persons promised to vote for us but at the meeting they changed. What Lord Macaulay says about Bengali gentlemen is perfectly true. Sir. W. J. Cunningham's intercession and the vote of most of the Commissioners secured us the land. It is very difficult to get anything done in Calcutta. Fortunately in time Mr. Lamour arrived to get the sympathies of some European Commissioners. Now I am arranging for the acquirement of private land without which our memorial cannot be completed. The owner seems to have

have gone to Behar. Having hea
that the land was hypothicated
to Justice Ramesh Lakanor Mitter
I called on him and ascertained th
it was not hypothicated but so
other properties of the owner. If the
owner does not return to day or to
-morrow I propose going to his pla
to negotiate. Bengalees are not lik
Mysore people. They are alway
for money. If the owner tries t
charge heavily I will ask the
Municipality to acquire that la
for us under the Land Acquisit
act. As an impression to Caus
upon the mind of Municipal
Corporation that Mysore Gover
-ment is building Dharmasala
and that for public good they
have made up their mind to
help us. Under the first ord
if I had come away there wou

have been no-body to represent the meeting and we would never have ceded the land. The plan and estim for the Ghat and Dharmasala is getting ready. I think it may take some time more to acquire private land it depends upon circumstan Days are lost in unnecessary about. I think it would be better for me to remain here until His Excellen the Dewan arrives. Having co here at the expense of Governm it is better for me to finish one portion of work. Many persons have promised to induce the Nawab on his return to part w the private land. This may be submitted to His Excellency the Dewan and orders obtained

P.T.O

P.S. If Chairman does not Comply with his request he seems to appeal to the Highness. If that be the Case no land shou be granted to him as it would totally spoil our business.

KP

Camp Calcutta
16th February 98

My dear Sir,

As mentioned in my D.O dated 12th February 1898 the Chairman inspected the spot and disapproved of the application of Mypen-singh Zamindar for a large piece of land but approved the grant of land measuring 35 by 28. I did not deem content to this and wanted to have an argument with him. He promised to see me in the office. On going there he sent word with the Secretary to the Corporation that he was very busy and that he would write me when he would be able to see me. On writing to him ante (copy enclosed) he replied that I must go to him On Monday next. In this way matters are dragged on with unnecessary delay. I also en-close a copy of the letter sent to me by the Secretary asking me to meet Chairman yester-day morning. I am arguing that I have excluded Mymensingh Zamindar's Cremation Ground from our boundary and the widow is only entitled to that bit of ground but not more. But it remains to be seen what will be the result of the discussion with the Chair-man on Monday. I had been yesterday to the owners of the private land and his son told me that his father was on his way back to Calcutta and that he would arrive to-morrow. On his return I will ascertain

ascertain his price and then move the Municipality or Government to secure land for us.

Government has been pleased to sanction the pay of my clerk, house-rent, Carriage-allowance and etc till the 15th of January. But as you are aware from all reports of mine from time to time that matters dragging on beyond my controll. I have this day officially submitted a letter applying for further extension and beg that you will be good enough to obtain the Sanction of Government for an extention till the work here is finished

I remain
My dear Sir
Yours Sincerely.

Estimate for making a proposed Sarai, that be near the cremation ground of late Maharaja of Mysore at Shanagore Kalighat

Municipal office
Calcutta 18th February 1898

To
K. Shama Iyengar. Esqr.
Superintendent of Kheddas
of Mysore.

Sir,

The General Committee at their meeting on the 11th instant, authorised the Chairman to meet you and come to a decision as to the ground to be given you at Shahanagore Burning Ghat. I am directed therefore to ask you to meet the Chairman at Shahanagore Burning Ghat, on Tuesday morning, at 7-30.

There is no necessity for your coming to this office on Monday, as was verbally arranged yesterday.

I have the honour to be
Sir
your most obedient
Servant
(Sd) W. Macdonald
Secretary to the Corporation

Seen by
Chairman
Superintendent
of Kheddas

Copy of a deferred message sent to

Mr K. Shamiengar @ Calcutta

" You may negotiate for purcha
of private land proposed but a
not close bargain without previo
orders + Can you send unsatisfacto
Please send another regularly drawn
& seale + Letter follows" +

Dated 21st February 1898.

Copy of letter to Mr Shamiengar

Bangalore
21st Feb'9

My dear Sir,

I am in receipt of your
D.O of the 16th You may be

ceived my telegram sent in reply
today.

As regards the private land
you propose to purchase, the Dewan
observed that you may negotiate
therefor; but before closing the
bargain it will be necessary to
obtain his final orders.

The Dewan is not satisfied
with the ground plan you have sent,
he thinks it is not accurate and
does not give him a clear idea of
the locality and its surroundings.
I am therefore to request that you
will have another plan accurately
drawn up to scale by a profession

man if need be, and send it up here at once. It is then that the Dewan will be able to see what the plot is that the Maiman Singh Zamindar's agent asks for out of the land granted to us by the Municipality and whether any portion of it can be conveniently granted to him.

The Municipality may have an accurate map of the locality. If you can manage to get also an extract thereof it will be of great use for Dewan's reference.

In conclusion I am to add that you will arrange to return to Bangalore as early as possible

Yours Sincerely

Sd. A. Seeni Vasan

18 Radhanath Mullick's Lane
Calcutta 23rd February 98

My dear Sir,

Herewith I send the estimate I have shewn the same and found the estimates to be fair. the rates are not too high for good work and if good materials be given and they be given according to measurement

I find in the 'Englishman' that the Prime Minister has arrived in Calcutta and may I know where he is Staying

yours faithfully
(Signed) Charu Chundra Mullick

24th February 28

To
Babu Dwarakanath Mookerjee
Vakeel, High Court. On behalf of Pundita
Sreemotty Shamapada Debi No 14
Nepaul Bhattacharjee's Lane
Kalighat

Dear Sir,

Received your letter dated 24th ~~on the 23rd~~
No part of that petition was my proposition and Sorry
you have taken that in my name. Sorry again you
have misrepresented facts that the Cremation took place on
your land while it was on the land belonging to Calcutta
Corporation on the permission of that Government and
the Government of India. The land may have ori-
-ginally belonged to you but ownership has been
I believe legally transfared to Municipality
I did not put you under any Strait but I
. pressed you only, to know the reasonable amount

Camp Calcutta
4th March 98

My dear Sir,

I under the advice of the Chairman hav to start after knowing the resolutions passed regarding the acquirement of private land in the meeting held on the 4th. But I am sorry to say that the matter has been postponed sen die as the present Chairman went on leave. As it will take long before the matter comes before the meeting I have appointed Baboo Rakhal Chandra Ghose as my agent to represent me in the meeting and do the needful I am starting to-night with papers etc. connected with the memorial and will soon be at Bangalore

I remain
My dear Sir
Yours Sincerely.
R Chunder

My dear Mr Thompson

Yours

Herein enclosed
is the letter just received
from Mr Thompson
the Medical Officer
which I send for
your perusal

Yours truly
E Chadwick

Camp Bangalore
19th March 98

My dear Les,

I just returned and found your telegram not here for me. There was a delay of three days owing to steamer. Perhaps your telegram went to Calcutta after I left. I shall come and see you in the evening.

Yours sincerely
K Shamiengar

From

Baboo Dwarakanath Mookerjee
Vakeel, High Court on behalf of
Pundita Sreemotty Shamapada Debi,
No 14. Nepal Bhattacharjees Lane
Kalighat

To

K. Shamaeyengar. Esq
Agent. Govt. Mysore in Charge of the
Kalighat memorial works

Dated Kalighat, the 24th Feb/92

Dear Sir,

With reference to our Conference of this morning and in accordance to your proposal I beg to state on behalf of my wife the Pandita Sreemotty Shamapada Debi for the information of the Mysore Authorities that it is a matter of deep Sorrow that the late Sainted MahaRaja has departed this life at an early age for which we fully Sympathise and lament but as it was by the will of Providence we have no help for it but at the same time we must say that our land being the last resting place of His late Highness's ashes this event has made our land invaluable though ordinarily it is a piece of land of great value. I have fully explained to you the position of the Pandita, my wife, (the owner of the land) with the proposed memorial work of such a potentate as His Highness the late Sainted MahaRaja which I expect you should fully represent in proper quarters of your Government

In order that her Serene Highness the Maha-Ranee Regent may be able to favour our proposals So that our humble selves and our heirs in succession will be honoured by being placed under the protection of Her Highness that we may maintain our family position and live in affluence under the great name of your Government

As it so happened we ought to get some lasting benefit and therefore we were not willing to limit any momentary value upon the quantity of land required by your Government for the purpose, upon this impression that perhaps the Charitable disposition of Her Serene Highness may be graciously pleased to exceed any limit that we shall put upon the land. But you having put me under a Strait I was obliged to name the value of a Lack of Rupees (Rs 100000) for the Sixteen Cottas or any quantity less and the aforesaid benefit claimed.

I have the honour be
Sir
Your most obedient Servants
(Sd.) Dwarakanath Mookerjee

22nd March 98

Superintendent of Kheddas

2nd April 98

My dear Sir,

Your favour of the 23d duly reached. I am exceedingly glad to know your safe journey home; trust you have seen all well and everything alright.

I will try to negotiate for the Sialoa house, but nothing can be done until Mr Willocks returns from England. It is he who can induce the Maharanee to part with the property, but surely you can't expect it for a lac;

there will be buyers for a lac and fifty; it is cheap for that sum even; with the furniture a lac and seventy is a reasonable price; but I think as there may not be competitors, a lac and fifty will be accepted. However we will try, and make the bargain as cheap as possible.

I have been to the Chairman and informed you by wire; I again went to the office to ascertain the result. The papers are with the assessor for making a plan and sketch for the private land to be acquired. The assessor has appointed

appointed Tuesday morning
next to see the place and
sketch out. I will see that the
ketch is done quickly and
a report. The Calcutta
cipality is a Cumbrous
through which he
must pass, as you have
yourself. How many
and how many
made. Before Tuesday
will see Doctor Lea and
him to make over
the plan that he has fob.
sure that I will not be slow
to push on

In the matter

I remain dear
Yours Sincerely.

The 4-4-98

My dear Sir,

You must have received my telegram about this; if H. E Dewan approves of the idea of getting the "Sialda" House to perpetuate the memory of His late august Highness in a suitable manner beg to secure the house at once. Nepal Onebar has been looking for a house in Calcutta and one of their people came and saw the place yesterday; he seemed to have liked it. Radha Bai wants a lac and fifty exclusive of furnitures. If direct correspondence is made with the Vizia : nagram Maharanee, Her Highness may accept a lac. The paragraph copied from the Madras Mail by the "Statesman" has been sent to Bhanu Bai, who is now at Vizianagram

There is another offer from a brochen of a lac and fifty

for Travancore. I cannot vouch-
safe the truth of this. But I know
Mrs Gantlett wants to take the house
for the Nabob of Moorshedabad -
Maharajah Burdwan is also after
it, but no offer yet from any of
these - So no time to be lost. Trust
Her Highness will sanction the scheme
laid before Her Highness

With kind regards.

Yours ever Sincerely

/Signed/ Rakhal Chunder Ghose

Mysore
6th April 98

My dear Sir,

Yesterday I have Submitted the telegram received from Calcutta agent, and also sent a telegram to-day. with reference to the purchase of the Vijayanagaram palace at Calcutta. If it is decided to purchase the building and establish Chatram there negotiations should I think be at once opened either through the Resident with the manager in charge of the

the estate & I should be
permitted to go to Vizayanagaram
by Steamer for a week or ten
days to do the needful in person
In this case I propose utilising
the Services of Mr. Lamour who
is a friend of that Samasthanam
and feel that I can manage
to get the palace. My presence
will be needed to see that the
price is not sent high and to
put the object of the purchase
before Her Highness the Maha
-Rani of Vizayanagaram.

Mr. Lamour may settle the bargain in European style and therefore it strikes me that my presence on the Spot will eatly facilitate matters. In any Case an early decision seems urgently called for

I remain
My dear Sir
yours most obedt

The 20th June 1898

RY TO THE
VERNMENT OF MYSORE.

My dear Sir

Babu Dwarka Nath Mukherji of Kalighat came home this noon & requested me to remind you about his offer of land at Khalighat for the purpose of a memorial. He says that although it may now be acquired he, as a brahmin may reasonably expect some money from Her Highness the pious Maharanee, whereby the august name of Her Highness' husband, who was cremated on his ground may be preserved from generation to generation as a benefactor of his family. He also says that instead of going through the land acquisition proceedings the Mysore Government may make him an offer. He was agreeable he says to give the
